PROFESSIONAL SUMMARY

Highly motivated and detail-oriented computer science student at Maharshi Dayanand University with a solid foundation in programming languages, and problem-solving. Eager to apply academic knowledge and technical skills in a challenging entry-level position at a forward-thinking tech company. Committed to continuous learning, innovation, and contributing to team success.

EDUCATION

- Maharshi Dayanand University , Rohtak , Haryana 2023 - Present
- Bachelor of Technology, Computer Science
- CGPA: 8.0/10
- Deep Public School, Vasant Kunj, New Delhi 2010 - 2023
- X : 93 %
- XII : 92.3 %

WORK EXPERIENCE

- Internware
 - Web Development Intern July 2024 - Sep 2024
 - Worked as an Intern in Web Development in Technical Department.
 - Throughout the internship, I worked on my skills and gained experience on how things worked out in real-world.
 - I also learned new skills like Git, CSS Tailwind and basics of React.js.

ACADEMIC PROJECTS

Booknest (MERN Stack Web App)

- Developed a book management platform with features to add, update, and categorize books. Implemented secure image uploads using Multer, dynamic rendering of book details, and responsive UI with React + Tailwind CSS. Integrated MongoDB for storage and Express.js/Node.js for backend APIs.

BlogApp (MERN Stack Project)

- Built a full-stack blogging application allowing users to create, edit, and delete blog posts. Implemented user authentication (JWT), CRUD functionality, and a responsive design. Designed RESTful APIs with Express.js and managed data with MongoDB.

SKILLS

Programming Languages: HTML, CSS, JavaScript, React.js, Node.js, Express.js, MongoDB, Tailwind

Version Control: Git and Github

IDE: Visual Studio Code

Soft Skills: Problem Solving, Teamwork, Excellent Communication, Adaptable

CERTIFICATION

Deloitte Australia Data Analytics Job Simulation on Forage - April 2025

- Completed a Deloitte job simulation involving data analysis and forensic technology
- Created a data dashboard using Tableau
- Used Excel to classify data and draw business conclusions

DataDrix MERN Stack Training - July 2025 - Sep 2025

- Completed MERN Stack Training at Datadrix with hands-on projects in full-stack web development (MongoDB, Express.js, React, Node.js).
